

# Energy Bees

Their name originating from the patterns of their erratic flight, Energy Bees have long been considered one of the greatest nuisances amidst the cosmos. Though relatively small compared to their cousin the Energy Minnow, Energy Bees pose a much greater threat to the standard wayfarer, the sheer droves they travel in a true test for any pilot's evasive capabilities. Their reluctance also to travel great distances away from their Hive makes Energy Bees an all the more formidable annoyance, drawing an even greater power from the heart of the swarm.

## Locations

Energy Bees spawn on energy tiles in any sector considered north of the Pardus Core. This includes the clusters North Pardus Rim, Lane, Gap, Federation Rashkir Core, Union North Rashkir Core, as well as the sectors Fornacis, Sargas, Quaack, Labela, Cor Caroli, Gomeisa, Ras Elased, and Cebece.
