

# Pirate Captain

After years of being downtrodden and considered to be the scum of the universe, some pirates banded together a group of others to invade a cluster - these being lead by the infamous pirate captain. Their skills are legend, and the number of followers they have only increases with time. Should you find one of these in a sector near you, be warned - for unless they are removed from this universe they will only bring more trouble.

## Locations

Pirate Captains are found during special events in clusters with the highest crime rates, often in sectors with a high number of illegal buildings.
