

# X-993 Battlecruiser

Lumbering through space like behemoths, the primary warship of the X-993 Series finds its new station as assigned by CASSN a far more humble one. Boasting the largest cargo hold of any single craft, the X-993 Battlecruisers freight the harvested raw materials through space to their newly reconstructed processing facilities. Though remade by CASSN into the gargantuan wheelbarrows they are today, the X-993 Battlecruisers still have not lost sight of their original purpose, touting an arsenal fit for any warship, as well as parent to over two dozen X-993 Drones that double as gatherers and fighters.

## Locations

X-993 Battlecruisers can be found in energy or open space tiles in the Neutral Zone and Pardus Cluster.
